HONEY BROOK FOOD PANTRY

Our final distribution of December 2022 finished a month like none previously with some **1,900 people served from nearly 600 family visits and 61 home deliveries!!**....ending a year of unprecedented need. Each month during the second half of the year resulted in increases in service levels of 35%-40% and 130 new families were registered, more than seen in most full years.

Emergency services like those provided below were not uncommon during the past holiday season.

We were contacted on Christmas Eve by a local mother of two young girls who, for a number of reasons had not attended any of our December events and found herself with very little Christmas food and no gifts for her children.

On that morning she was provided a complete Ham Dinner and groceries for a week. She was also able to look among all the toys we retained on 12/21 for emergency use and found over a dozen nice items for the girls. At the same time, she selected virtually new coats for them and herself, as all three were primarily using heavy sweatshirts.

Although food is our primary mission, those donated coats and toys were SO instrumental in making a better Christmas for this family, we could not be more appreciative...as she was.

A recent area of focus at the pantry has been increasing the number and type of resources offered on site during our food distributions. These resources have included dental health professionals and legal services. Upcoming additions will include heating assistance, help with selection of Medicaid options and experts in the Supplemental Nutrition Assistance Program.

Families seeking help at the pantry will also receive a bi-weekly supply of personal items in addition to the comprehensive food supply throughout 2023.

Since participation in our kids' programs have nearly tripled, our focus will be on food for kids throughout 2023. Spring fund-raising activities will again include the annual March Madness donation competition through early April and the Honey Brook Food Pantry Annual Golf Outing will be held at the HB Country Club on Tuesday, October 10th. The information will be accessible on our website www.honeybrookfoodpantry.org. and Facebook page.

Regardless of what 2023 holds, supported by our fabulous donors, as we have for 10 years, we'll continue to do whatever is necessary to meet the hunger needs in the community.

DRAGGIN' WAGONS CAR CLUB

The Draggin' Wagons Hot Rod Club was formed in 1957 by a group of teenagers (boys and girls) from Honey Brook and surrounding towns, they thought that by starting their own group they would have an organization and purpose in the community. In 2008, the club was reorganized by a group of the original members and many new enthusiasts that are obsessed with everything that has to do with street rods, hot rods and custom cars. Today, the club has over 60 members, many of which are husband and wife that regularly attend the club meetings.

The club is a non-profit, family-oriented organization that

promotes a shared interest for automobiles, fellowship of friends and uses its resources to help neighbors in the community such as the Honey Brook Food Pantry and Steeple-to-People Ministries; and families needing help. The club hosts a Spring and Fall car show to raise funds to benefit charitable organization in the community.

If you are interested in becoming a member you can message the Draggin' Wagons Car Club on their Facebook website at www.facebook.com/DragginWagonsCarClub.

POLICE DEPARTMENT

Safe Driving Tips for Teens

“Motor vehicle crashes are a leading cause of death for teens,” according to PennDOT Driver and Vehicle Services. “Parents and teachers have an important role to play in helping new drivers establish safe driving habits.”

From 2017 to 2021, there were 81,364 crashes involving at least one 16- to 19-year-old driver in Pennsylvania, resulting in 480 fatalities. 66 percent of those crashes involved a teen driver driving too fast for conditions (25,721 crashes), driver inexperience (8,707), driver distraction (12,411) or improper/careless turning (13,092). There was a total of 53,673 crashes with one or more of these factors.

The risk of a crash involving any of these factors can be reduced through practice, limiting the number of passengers riding with a new driver, obeying all rules of the road, and using common sense.

Setting a good example in the driver’s seat is one of the most important things you can do as a parent or caregiver of a teen driver. Positive examples include eliminating distractions in the vehicle, obeying the speed limit, never driving while impaired, and remembering to buckle up every time.”

PennDOT suggests that parents consider the following recommendations to help their children become safe and responsible drivers:

- Set a good example with your own driving habits.
- Have regular conversations with your teen about safe driving skills before they get their learner’s permit.
- Establish a parent/teen driving contract.
- Ride with your teen occasionally after they receive their license to monitor driving skills.
- Enforce observance of speed limits and other rules of the road.
- Strongly encourage your teen to avoid distractions behind the wheel, such as talking or texting on their cell phone.
- Limit the number of passengers they have in their vehicle. Limit the number of passengers they have in their vehicle. State law prohibits 16- and 17-year-olds with a junior license from driving with more than one unrelated passenger under the age of 18 years old for the first six months. After the first six months, a junior driver shall not drive a vehicle with more than three unrelated passengers under 18 years old.
- Limit dawn, dusk, and nighttime driving until your teen gains more experience and enforce a curfew. Remember, state law prohibits 16- and 17-year-olds with a junior license from driving between 11:00 PM and 5:00 AM
- Gradually increase the amount of time/distance your teen is permitted to drive.

Driving a car requires experience, skill, and undivided attention – all factors that improve with repetition and training. Through driver education training programs, teenage drivers receive valuable instruction that prepares them to get behind the wheel, keeping themselves, their passengers, and fellow drivers safe on the road.”

As part of ongoing efforts to educate and assist teen drivers, PennDOT invites teens, their parents, teachers, and others to share video messages on Instagram about the personal costs of a crash, close calls, and advice on avoiding crashes. Anyone can join in this important conversation by using the hashtag #PATEenDriver.

ALL DOGS ARE TO BE KEPT ON A LEASH

In accordance with Honey Brook Borough Ordinance 2-201, all dogs are to be kept on a leash and not permitted to run at large through the Borough. The Borough Ordinance can be found on the website at www.honeybrookborough.net under Helpful Links.

Fireworks

The Police Department has experienced a drastic increase in the reported number of fireworks complaints. We believe this to be a direct result of the changes to Pennsylvania State Law making it now legal for PA residents to purchase and possess consumer fireworks. We also believe there was not enough educational information disseminated to the public as this law changed. The State Law, which Honey Brook Borough follows relating to the use of fireworks, is attached.

WE BELIEVE THE CONFUSION INVOLVING THE FIREWORKS ISSUE TO HAVE COME FROM THE MISUNDERSTANDING THAT SINCE IT IS NOW LEGAL FOR RESIDENTS TO PURCHASE AND POSSESS CONSUMER FIREWORK, THAT THEY ARE ALSO ALLOWED TO IGNITE THEM WITHIN THE MUNICIPAL LIMITS OF HONEY BROOK BOROUGH. THIS IS NOT THE CASE!!

It is unlawful to use or explode fireworks in Honey Brook Borough. Even under State Law it is illegal to ignite or discharge fireworks with 150 feet of an occupied structure. Due to the close proximity of the properties in the Borough there are very few if any properties located in the Borough to where fireworks could be discharged that exceeds the 150 feet requirement of an occupied structure. Therefore, it is illegal to discharge fireworks in the Borough.

The next part of the problem, once we get past the fact of the use of fireworks is just plain illegal, is the impact it has on our residents.

Continued on next page 7

Some of those include the disruption in sleep for adults who have to be up early in the morning or work or activities and the disruption to the sleep of children and infants. It has a negative effect on some of our residents who suffer Post-Traumatic Stress Disorder as well as some of our resident's domestic animals that cannot handle loud noises.

The final part of the problem is the safety hazard this creates. Most fireworks that propel into the air then have to return to the ground. Some of our residents experienced projectiles landing on their roofs, properties and vehicles creating a substantial fire and safety hazard.

PLEASE UNDERSTAND GOING FORWARD THAT THE HONEY BROOK BOROUGH POLICE DEPARTMENT WILL STRICTLY ENFORCE THESE LAWS FOR THE CONTINUED SAFETY OF OUR COMMUNITY.

 2. Consumer fireworks or sparkling devices within, or throw consumer fireworks or sparkling devices from, a motor vehicle or building.
 3. Consumer fireworks or sparkling devices into or at a motor vehicle or building or at another person.

HONEY BROOK COMMUNITY PARTNERSHIP

The mission of the HBCP is to bring together borough and township partners to facilitate communication, share resources, and work together to enhance our community. We are a mix of business owners, residents and individuals who work in the community.

Each year we actively contribute several initiatives that reflect on our mission. In April we have a local grant program where we allow individuals and groups to submit applications to receive funding for activities that reflect the HBCP mission. In late May, we provide scholarships to 3 Twin Valley graduating seniors to assist with their next level of learning. In September, our biggest effort, Harmony Day is a focus on bringing the community together to enjoy our beautiful town and the people who reside here. In October we celebrate all month National Make A Difference Day. This is where we collect items for individuals and groups with needs in the community. Finally, in December we coordinate Deck the Brook. A holiday decorating contest to see which business and resident is the most festive. In addition to these annual events the HBCP is also tasked with maintaining the 4 welcome signs as you enter the borough.

The Partnership meets monthly on the second Tuesday of the month from 4:30 pm – 5:30 pm. Typically, we meet in the conference room of the Chester County Waste Authority but you can view our meeting events on our rebuilt website at honeybrookpartnership.com. You can also follow us on Facebook and Instagram to stay updated on our meetings and events.

The Partnership is built on community volunteers. We have a leadership team of a Chair, Co-Chair, Treasurer & Secretary. Each of these positions are 2-year terms. Currently, the position of Chair is available for a community-minded individual who wants to be involved with the community & to embrace our mission statement. If you are interested in the Chair position (or any other positions) please use the contact form on the website to reach out to us.

We have a lot of exciting things planned in 2023 and look forward to serving the community. Don't hesitate to reach out to get involved!

DOES YOUR DOG HAVE A LICENSE?

All dogs three months or older must be licensed by Jan. 1 of each year. Violators can be cited with a maximum fine of \$300 per violation plus court costs.

An annual license is \$8.50 and a lifetime license is \$51.50. If the animal is spayed or neutered, the annual fee is \$6.50 and lifetime is \$31.50. Discounts are available to older adults and people with disabilities.

The small license fee helps the millions of dogs in the state by funding the Pennsylvania Department of Agriculture Bureau of Dog Law Enforcement. Dog licenses are available from your local county treasurer and other licensing agents.

Reasons for dog licensing:

- It's the law. All dogs three months and older must have a current license.
- If your dog gets lost, a license is the best way to get him back. A license helps animal control and shelters identify your dog and get him back home safely.
- The cost of a license is less than the penalty for being caught without one. Owners who fail to license their dogs could face a fine of up to \$300 for each unlicensed dog.
- License fees support animal control. The annual fee you pay to license your dog helps keep shelters running and supports the work of the Bureau of Dog Law Enforcement, which is responsible for ensuring the welfare of dogs, regulating dangerous dogs and overseeing annual licensing and rabies vaccinations.

Dog Licenses can be purchased from the Chester County Treasurer's Office by completing an on-line form, or printing out the application at www.chesco.org/1112/Dog-License. For more information, please contact the Treasurer's Office.

HONEY BROOK BOROUGH AUTHORITY

WATER NEWS

The Honey Brook Borough Authority's Board voted to not increase Water Rates for 2023. We strive to provide the best quality standard of clean and safe drinking water for our customers. This year we plan to, upgrade the electric and well data systems at our Well Field; replace a broken 8" gate valve in the intersection of Route 322 and Route 10; and replace our shed at the Pequea Water Storage Tank with a building by Pioneer Pole Buildings. All three major projects have been scheduled for some time and we look forward to completing them this year.

Please continue to keep your home or business leak-free by repairing dripping faucets, outside spigots and toilet parts. By fixing these household fixtures from leaking can save you \$\$\$\$. The majority of leaks found come from toilets that are not functioning properly. If you hear water running and you believe everything is "turned off" then you may have a leak. To help find a leaky toilet, free Toilet Dye Strip Packs are always available at our office. Please contact us at 610-273-7830 with any questions or concerns.

Do you want to know what is in your water? Visit our website www.hbbawater.com and click on the Water Quality Report 2022 link.

DID YOU KNOW?

The beginning of our water system dates back to 1895 when specifications were drawn to bring water from the mountain to our town "as cheap as can be done durable". On February 18, 1896 a vote was held for the sole purpose of getting an opinion from the citizens of Honey Brook if they wanted to purchase a "gravity water system". There were 106 votes for and 23 against for the proposed system. The cost of the reservoir and miles of 8" cast iron pipe cost the town \$12,500.

PARKS AND RECREATION

A cancellation message will be posted on the Honey Brook website (www.honeybrookborough.net) if the show is cancelled. PUBLIC WORKS

Spring and summer mowing is around the corner. It is illegal to discharge grass trimmings onto Borough streets. Discarded grass clippings clog water drains which require costly flushing at taxpayer expense. More importantly, the Borough must adhere to new stringent governmental storm water regulation contaminant levels which leave the Borough open to hefty government fines. Violators of this will be fined accordingly.

Please be sure to keep your sidewalks free of hazardous cracks, grass, weeds and protruding tree roots. Shrubs and tree limbs should be trimmed to allow for a clear line of sight at cross traffic streets. Portable basketball nets and hockey nets are not permitted on the streets as they pose a safety hazard for pedestrians and vehicle traffic.

RECYCLE BINS

Recycle bins are owned by the Borough. If you require a recycle bin to be replaced the cost is \$55, please call the Borough to purchase a new bin.

BATTERY FAQs

Primary cell construction = single use; NOT rechargeable
Secondary cell construction = a battery that can be recharged multiple times

*WHAT CAUSES A LITHIUM-ION BATTERY TO CATCH FIRE?

Inside a Li-ion battery, there are tiny metal pieces floating in liquid, and the contents are under pressure. So, if the battery is punctured, or if metal fragments migrate, the lithium reacts with water in the air. This creates high temperatures and may produce a fire.

HOW DO I KNOW IF MY BATTERY IS BAD?

Signs that your battery is near the end of its life include:

- It does not hold a charge well.
- It will not perform like it used to.
- It gets very warm during a charge.

WHAT SHOULD I DO WITH A DAMAGED OR LEAKING BATTERY?

Place the battery in a bucket or plastic bag and surround the battery in non-flammable material such as kitty litter, soil, or sand as soon as you can. Do NOT place the battery in your recycling bin or trash can. Treat as Household Hazardous Waste.

Li-ion batteries that overheat, are swollen or bulging, are discolored, deformed, or have an odor, should immediately be isolated from heat sources and other batteries.
