Such signs shall be removed within 5 days after a final settlement or rental agreement has been reached. Off premises signs **shall be permitted by conditional use only.** Any realty signs found in violation of these ordinances will be removed. These signs will be stored at the Borough Building for five (5) days and can be picked up during this time, after which they will be discarded.

CERTIFICATE OF USE & OCCUPANCY IS VALID FOR 3 YEARS OR CHANGE OF OCCUPANT:

Date/time requested for inspections – **48 HOURS NOTICE** in advance is required for inspections.

Please note inspections will be scheduled after the application has been processed by the respective Borough departments.

U & O Inspections for Resale & Rentals must be scheduled through the Code Department by the applicant/seller or the requestor/realtor. Phone (610) 931-3040.

USE & OCCUPANCY INSPECTION: – Provided below is a list of LIFE, HEALTH and SAFETY items the Borough Inspectors look for during Resale or Re-Occupancy Inspections. The purpose of this inspection is to bring the building into compliance with the latest Property Maintenance Code adopted by the Borough. All properties are to be inspected when occupants change to ensure the property remains safe. All newly constructed buildings are issued a Certificate of Occupancy to ensure the building was constructed to comply with the adopted Codes.

The following list is not all inclusive. **Please direct any specific questions to the Code Enforcement department.**

- Smoke detectors are located on every floor, each sleeping area and are in proper working condition.
(battery operated units are ok)
- Address numbers are located, near the front door, on both sides of the mailbox in contrasting colors, and be a minimum of 4" in height.
- Blow down pipes from the pressure relief valve on hot water heaters and boilers.
- GFI protected outlets for all above counter outlets in kitchen/islands. All exterior, garage and unfinished basement outlets. Bathrooms must have at least one outlet and all bath outlets must be GFI.
- Electronic garage door openers must have auto reverse safety switching.
- Dryer vents piping must be UL approved, metallic, maximum 6 foot in length.
- Ensure sump/condensate pumps do not discharge to the sanitary sewer system.
- Public sewer users - inspection of vent and cleanouts for sanitary sewer line.
- Buildings with fossil fuel heating system or an attached garage must have a CO Detector.
- Key-in/Key-out dead bolt locks are not permitted.
